TO: Board of Directors of T.I.T.L.

FROM: William L. Steele

SUBJECT: Change of sampling organization for the next pick-up.

Some changes are due for the next market pick-up (number 16). Dale Systems, Inc. was underbid for the job and someone new will be doing at least the next two procurements. The FTC has not signed the contract yet, but California Business Development Counsel, San Francisco, California, is almost certain to be the one.

The FTC lab is hopeful that the pick-up can be started in early July as part of the goal to get their results out on a consistent timetable. If they can carry this through, the associated results could come in January 1975.
